## Eukalyptus geräuchert pommele

Furniere

Atlas Holz AG

<http://www.atlasholz.ch> | [info@atlasholz.ch](mailto:info@atlasholz.ch)

**Tipo material:**    **Madera | Chapa**

Furnier gehört zum Edelsten, das man aus einem Baum herstellen kann. Es verschönert Möbel, Türen, Parkett aber auch Autos oder sogar Handyhüllen. Jedes Echtholz furnier ist ein wertvolles Unikat, das allen Produkten individuellen Charakter verleiht. Unser Lager umfasst über 1 Mio. Quadratmeter Furniere in mehr als 100 Holzarten. Die Furniere sind von 0.5 bis 4.0 mm stark und bis 5 m lang verfügbar.

|                                      |                                                                                                                                                                                                                                                                                                                                                                                                                   |
